*T/L note: Japanese is a very context-based language. What I mean by that is that common elements in speech (subjects, verbs, etc) are often omitted from speech and the listener is supposed to "fill in the blanks" by putting the context of the situation into account. What is m the translated bubble is how Haruo is interpreting it as (since he doesn't know about Haruna's manga, and hence the main context). The way Yakumo is interpreting it as is "Do you think it would be good if they kissed here?" Brought to you by Roots. ^_~

selected portions from "The Great Martial Poems"

Translator Note: Parody on Romance of the Three Kingdoms, a famous Chinese novel about Guan Yu and Zhang Fei, who swore a blood oath with Liu Bei at the "Oath of the Peach Garden" and later became two of his Five Tiger Generals.

HOW COME ALL THE GUYS IN OUR CLASS ARE LIKE THAT?

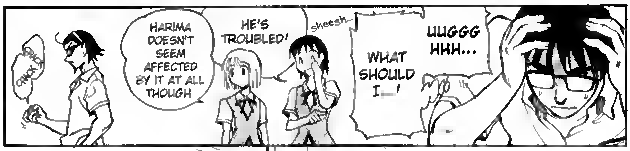
BUT YOU DO KINDA GET CURIOUS ABOUT MS ITOKO'S NUDE RIGHT?



Translator Note: Another parody on Romance of the Three Kingdoms. Zhuge Liang (Kong Ming) is the smartest strategist of his time and he lives as a recluse in his little hut. Liu Bei tried to recruit him, but the first two times he went, Zhuge Liang was not home. Finally Liu Bei was able to meet and recruit Zhuge Liang on his third visit. At that time, it was rare for someone with the prestige and position as Liu bei to visit a commoner three time in a row

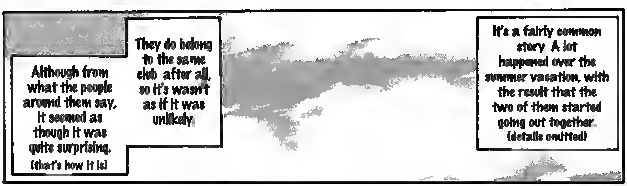
Kido Madoka. Also a member of the track club.
Lately, there's a girl he's been going out with.
2nd Year Class C Uwazu Shigeo 17 years old, and a member of the track club. He looks like a pretty clean-cut guy, (or so the girls say)



Although from what the people around them say, it seemed as though it was quite surprising. (that's how it is)
They do belong to the same club after all, so it's wasn't as if it was unlikely.
It's a fairly common story. A lot happened over the summer vacation, with the result that the two of them started going out together. (details omitted)

Come on! It's almost time to get fired up for the sports carnival
Being the summer vacation, the two of them were able to enjoy a proper date.
Though the two were now a couple, they were still able to maintain their old relationship.
Things were going well...
...or so it seemed. The truth was, he was troubled.
They did do some research, but in the end they just kept to each other's places
